

Dream+

Design by Paolo Scagnellato

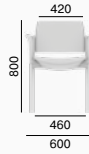

Série **Dream+** je rozšířením úspěšné řady Dream. Zahrnuje jak modely s efektními perforovanými polypropylenovými opěradly, tak varianty s čalouněnými sedáky a opěradly. Polypropylenové díly jsou k dispozici v bílé nebo černé barvě. Všechny modely mohou být v provedení čtyřnohé židle nebo na pružné pérové podnoži, s područkami nebo bez. Židle jsou stohovatelné a hodí se do škol, konferenčních sálů i čekáren.

The **Dream+** series is an extension of the successful Dream line. It includes models with striking perforated polypropylene backrests and those with upholstered seats and backrests. Polypropylene parts are available in white or black. The chairs come either with four legs or with a flexible cantilever base, with or without armrests. The chairs are stackable and suitable for schools, conference halls and waiting rooms.

Dream+ ist eine Erweiterung unserer erfolgreichen Produktlinie Dream. Die Rückenlehnen aus Kunststoff sind perforiert für ein besseres Sitzklima. Im gleichen Design sind gepolsterte Rückenlehnen erhältlich. Die Kunststoffteile sind schwarz oder weiß. Die Produktlinie beinhaltet 4-Fuß-Modelle und Freischwinger mit oder ohne Armlehnen. Die stapelbaren Stühle eignen sich für Schulen, Konferenzräume und Wartebereiche.

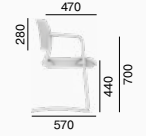

La série **Dream+** est une extension de la série à succès Dream. Elle comprend à la fois des modèles avec d'impressionnants dossiers en polypropylène perforé et des variantes avec sièges et dossiers rembourrés. Les pièces en polypropylène sont disponibles en blanc ou en noir. Tous les modèles peuvent être des chaises à quatre pieds ou sur une base à ressorts flexible, avec ou sans accoudoirs. Les chaises sont empilables et conviennent aux écoles, salles de conférence et salles d'attente.
